Intent and Learning Objectives
This course will provide the practitioner with information leading to an increase in educational awareness of the clinical advancements in the specialty of wound care. Following the completion of this conference, participants should be able to:

• Identify signs and symptoms of wounds caused by arterial and venous insufficiency.
• Describe basic goals of wound care.
• Identify strategies to implement skin care solutions.
• Identify impact of technology and creative cultures on health care delivery systems.

Who Should Attend
This course is intended for all health professionals across the continuum of wound care.

Continuing Education Credit
This continuing nursing education activity has been approved for 6.5 contact hours by the UPMC Provider Unit of the PA State Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation. To receive contact hours, the participant must attend the entire session and complete the evaluation form and sign-in sheets and return all information before leaving the course.
