**Program Goal:**  
This program will provide a comprehensive review of the most important presentations from the 2017 San Antonio Breast Cancer Symposium.

**Target Audience:**  
Physicians, researchers, advanced practice providers, nurses, and other health care professionals who work with individuals with breast cancer.

**Course Objectives:**  
Upon completion of this program, attendees will be able to:

- Identify the most up to date findings in breast cancer clinical and translational research.
- Incorporate research findings to appropriately manage patients with breast cancer.
- Demonstrate understanding of the scientific findings in breast cancer research by demonstrating competence in the clinical setting.

**Tuition:**  
There is no fee for UPMC employees. Tuition for non-UPMC physicians is $75. Tuition for non-UPMC other healthcare providers is $50.
Course Handouts:
Presentations will not be printed. A copy of presentation slides can be accessed via UPMC MyCloud. Instructions on how to access program slides will be emailed to the email address that was provided during online registration.

Parking:
Parking is available in the Medical Center Garage on Centre Avenue. Parking is at your own expense. Validation at registration will allow for a reduced rate of $8.
