OVERVIEW
This conference will provide health care professionals an overview of current trends, management techniques, and new innovations and research to treat liver and kidney diseases. Experts will present updates on various topics, including living donor transplants, trends in organ allocation, and caring for patients with end-stage liver and kidney disease.

Learning Objectives
To improve the treatment and diagnosing of liver and kidney diseases through medical therapy and surgical intervention.

Who Should Attend
This course is designed for liver, kidney, oncology, and intestinal health care providers including, gastroenterologists, nephrologists, oncologists, abdominal and general surgeons, insurance case managers, referring primary care physicians, advanced practice providers, and dialysis care team members.

Continuing Education Credit
The University of Pittsburgh School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Pittsburgh School of Medicine designates this live activity for a maximum of 6.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Other health care professionals are awarded 0.6 continuing education units (CEU’s) which are equal to 6.7 contact hours.
