

# SAVE THE DATE

June 5-7, 2019

**ACL Consensus Meeting**  
Panther Symposium 2019  
Pittsburgh, PA

**UPMC**  
LIFE CHANGING MEDICINE

# Symposium Overview

This three-day meeting signifies the collaboration among global leaders in anatomic ACL reconstruction surgery to develop consensus on key focus areas within the field. Orthopaedic surgeons, physical therapists, radiologists, and basic scientists will discuss evidence-based recommendations, recent advances, and the future of anatomic ACL reconstruction. Topics will include:

- Biomechanics and Kinematics
- Anatomy of the ACL
- Biological Applications for Healing & Repair
- Clinical Evidence for Anatomic ACL Reconstruction
- Outcome Assessment
- Global Perspective of Anatomic ACL Reconstruction
- Augmentation of Individual Bundles
- Revision ACL Reconstruction Using the Anatomic Concept
